

FedWalks 2024

WILSONS PROMONTORY NATIONAL PARK

Friday – Sunday, 11-13 October 2024

WALKERS' EXPECTATIONS

Walkers' expectations of their walk leader.

- Strong decisive leadership.
- A feeling that the walk is conducted within a safe environment.
- Competence in navigation.
- Considerate and respectful of others in the group.
- A knowledge about the walk and the area in which they are walking - Morning tea, lunch, water and photography spots.
- A regular check on the progress and wellbeing of the group.
- A walking pace that suits the group, not the leader's usual pace.
- A co-leader who is more than just a whip.
- Provides an enjoyable and memorable walk with a timely return to Tidal River, allowing sufficient time to prepare for the evening dinner and festivities.

Leaders, like you, they have paid for this weekend. It is part of our role as leaders and organisers that participants enjoy themselves and come back to the Prom to do other walks in the booklet and attend future Fed Walks.
